Attachment to form PTO-90C

This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 C.F.R. § 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 C.F.R. § 1.821 through 1.825. Specifically, Figures 1 and 4 of the instant specification contain sequences which are not properly identified. In case these sequence are new, Applicant needs to provide a substitute computer readable form (CRF) copy of a "Sequence Listing" which includes all of the sequences that are present in the instant application and encompassed by these rules, a substitute paper copy of that "Sequence Listing", an amendment directing the entry of that paper copy into the specification, and a statement that the content of the paper and computer readable copies are the same and, where applicable, include no new matter, as required by 37 C.F.R. §§ 1.821(e) or 1.821(f) or 1.821(g) or 1.825(b) or 1.825(d). The instant specification will also need to be amended so that it complies with 37 C.F.R. § 1.821(d) which requires a reference to a particular sequence identifier (SEQ ID NO:) be made in the specification and claims wherever a reference is made to that sequence. Further, Figure 11 contains sequences that are not clearly identified in that it is not apparent which sequence corresponds to which sequence identification number. Finally, Applicant is reminded that the text of the claims 6 and 61, for example, is not in compliance with sequence rules for reasons of record in section 1 of Paper No. 14. Full response to the instant communication must include appropriate action to comply with sequence rules requirement.

For rules interpretation Applicant may call (703) 308-1123.

Art Unit: 1646

Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 C.F.R. § 1.136. In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned.
